Charles-

I apologize for such a late email. I was out of the office yesterday on business and am just now getting caught up to speed. I represent CK Materials and my client supports Haig Point, Inc. and the Homeowners' Association's request for an extension. Please let me know if this email will suffice, or in the event that you require an efiled request, I will be happy to provide it. I hope all is well and will look forward to hearing from you.

-Peter

Charles- I hope this email finds you well. I represent Haig Point, Inc. and Haig Point Utility Company, Inc. in the above-referenced petition before the PSC. Peter Strauss represents CK Materials, the joint petitioner. John Beach represents the homeowners' association, which petitioned to intervene. Nanette is ORS counsel. The first pre-file deadline is March 13. However, the parties have agreed to hold an informal "mediation" of the issues on March 13, in an attempt to resolve any outstanding matters. Therefore, on behalf of my client, I would like to request a one week extension of the previously set filing deadlines. It is my understanding all parties are in agreement as to this extension.

I apologize for not efiled this request, but I am in the process of joining a new firm (this is a week off for me). My computer is not in yet and my old firm has not couriered over the file yet. In fact, this is a temporary email. I hope that this email will suffice, but please let me know if it is otherwise.

Thanks.
